What is Make Hunger History?
Make Hunger History is an ambitious statewide initiative to end hunger in the Commonwealth. We’re crafting a comprehensive plan to eradicate hunger for good and mobilizing a powerful movement to drive change. Our aim is not just to provide short-term relief but to fundamentally transform the landscape, eradicating hunger through policy change, community engagement, and collective action.

What does this look like?
We envision a future where every resident has equitable access to nutritious food, laying the foundation for a healthier, more prosperous Commonwealth. No family will ever again have to wonder where their next meal is coming from, no child will go hungry, and no person will have to choose between paying for medical bills or purchasing food.

How can I get involved?
We’re mobilizing a first-of-its-kind coalition, including advocates, policymakers, businesses, service providers, individual community members, and people with lived experiences. By uniting our voices and resources, we will create and implement the roadmap to end hunger and make history in Massachusetts. To learn more and get involved, visit MakeHungerHistoryMA.org.
